**Cosy wintertime – welcome to "luv".**

After extensive renovation of our house, we are very pleased to finally welcome you here at Seepromenade 11. Now, under the name "luv", you will find a bar with regional cuisine, event rooms for seminars and celebrations on the first floor and, on the two upper floors, six holiday flats. Or in short: luv chill. meet. stay.

Everything is still brand new. Even our first winter menu, which is constantly evolving. But we are sure that you will already find what you are looking for. It's best if you just give it a try.

The idea behind our cuisine: Variety instead of monotony. As we all know, this also helps beyond the plate. True to this motto, we offer you a variety of small and honest dishes with a regional touch. To combine, try or share. Fresh, colourful and... naturally delicious. We hope you luv it.

**We're glad you're here.**

*Diversity instead of monotonicity*  
*Regional tapas*

Our gastronomic concept is based on "regional tapas", i.e. small, regional dishes that can be combined with each other and happily shared in a group.

**Because sharing brings people together -  
especially when it tastes good.**
